

AIR 1 provides a wonderful service to our community.  
The music is uplifting and great for all ages in our families.  
We need this Godly programming to continue in our area just as it is.  
To be replaced by anything other would be a great disservice to our area.  
This station provides mental, spiritual, and emotional to health to its  
listeners.  
Please allow this broadcast to continue as it is currently.  
Thank you for your consideration in this matter.
